## Design Skills/Experience

- ◆ Retouched and manipulated a number of photographic images for use in multiple projects and layouts with Photoshop and Lightroom
- ◆ Planned and formatted a number of layouts for magazines, newspapers, ebooks and more utilizing design skills and InDesign
- ◆ Created multiple magazine and web advertisements for a multitude of products and purposes within InDesign, Photoshop and Illustrator
- ◆ Has designed multiple brands and brand identities, as well as redesigned other brands
- ◆ Created dozens of illustrations with Illustrator for use in graphic design pieces
- ◆ Produced and prepared a number of both print ready and web ready files, with proper specs and file formats
- ◆ Retouched and redesigned magazine layouts, brochures, etc. in personal style, improving on the base design and adding or subtracting when necessary
- ◆ Formatted basic websites from scratch using basic HTML and CSS code within Dreamweaver
- ◆ Developed and organized two different mobile app designs, including icon and system design, and prototyped them within Adobe XD
- ◆ Handled and formatted multiple PDF documents and added comments and edits within Adobe Acrobat
- ◆ Very organized, will strive to take inventory of tasks and problems and solve them in a clean and orderly manner
- ◆ Worked collaboratively as an effective member of a design team, and communicated effectively with colleagues and clients in both a face-to-face and an online environment
- ◆ Has worked under tight deadlines and delivered necessary files on time for review
