Qualifications

- Worked on multiple projects at once and consistently meet tight deadlines
- Expert in Adobe Creative Suite: Adobe InDesign, Adobe Illustrator, Adobe Photoshop, and other programs
- Created mock ups of website designs, brochures, iconography, and any other marketing materials
- Collaborated with marketing teams and management to discuss which mock ups are effective, and used their feedback to develop final drafts
- Strong organization and time management skills, detail-oriented
- Excellent communication skills with the client and team

Design Experience

- Advanced knowledge of graphic design, including layout, typography, research development, colour theory, web design, and print design.
- Created designs including mascot design, gradient mesh, isometric instructional illustration, icon, vector and logo designs using Illustrator.
- Created InDesign documents including editorial layout, business card, letter, editorial layouts, interactive publications, brochures, posters and promotional products.
- Created many websites using WordPress, Wix, and Dreamweaver software.
- Created Photoshop including resize, touch up, manipulate image and more for a diversity of projects.
- Create the logos, business cards, and style guides.
- Worked collaboratively with three other designers to create a brochure.
